About Me

I am a Senior DevOps Engineer with huge developer experience in past(~6 years). During my career I worked with various programming languages such as PHP, JS and Python but always had a passion to infrastructure and whole picture understanding how applications should work so I passed GCP associate certification, mastered k8s and switched to the DevOps position. I believe my experience helps me to better cooperate with developers and create suitable infrastructure and automate routine tasks which will give the best possible result for the project.

Skills

Programming languages: Bash, PHP, Python, Javascript, Typescript, Go

Additional technologies: OOP, HTML, CSS, YAML

Frameworks/CMS: Symfony, Laravel, Phalcon, Codeception, Magento 1.x CE/EE, Wordpress, Django, Flask, Angular X, NodeJS, JQuery, Bootstrap, Selenium

Tools: Git, Docker, Kubernetes, Helm, Vagrant, Ansible, Terraform, Vault, Spinnaker, CircleCI, Gitlab

Support Tools: Jira, Confluence, Pagerduty, HP LoadRunner

Databases: MySQL, MongoDB, Redis, Memcache, PostgreSQL, BigQuery

Operating Systems: Ubuntu, Debian, CentOS, Raspbian, OS X

Education

National University of Radioelectronics

Computer science & Biotechnical medic systems

2006 - 2011

Kharkiv National University of Radio Electronics (NURE) is a higher education institution of the highest level of accreditation in Ukraine. It is one of the oldest technology universities in Ukraine, with over 7000 students and 30 scientific centers.

During my time at NURE I learnt most of my key skills that have I have taken through my career such as teamwork and working to tight deadlines. I spent a lot of my free time as a committee member of my faculty taking on *headman* role.

A Little More About Me

- Married
- Founder of Ukrainian Nissan Rogue Club
- Starlink volunteer for Armed forces of Ukraine

Alongside my interests in networks and software engineering some of my other interests and hobbies are:

- 3D printing
- FPV Drone racing
- USA Cars
- Online shopping
- World digitizing
